## ABOUT

I'm a Brooklyn based full-stack web developer, originally from Providence, RI. A professional since 2009, I have 11 years experience working remotely at WordPress VIP partner agencies. I am passionate about front-end development, constantly learning and always excited for the next project.

## EXPERIENCE

### 10up, Inc.

*Senior Front-End Engineer, Feb 2023 - Nov 2023*

*Front-End Engineer, Feb 2019 - Feb 2023*

Led project development teams at a fully-distributed WordPress VIP agency. Regularly working with React, TypeScript, NextJS, Gutenberg blocks, Headless WP, and WP plugins & themes. We delivered high quality, fully custom web applications with tight timelines & budgets, and contributed to project tooling.

### Alley Interactive

*UX Developer, Dec 2014 - Jun 2018*

Collaborated with a remote scrum/agile team to build and maintain enterprise-scale themes & plugins for a WordPress VIP partner agency. As a project tech lead, we utilized CSS Preprocessors, ES6, Webpack, React, Angular, and rapid in-browser prototyping.

### Oomph, Inc.

*Front-End Developer, Jul 2012 - Feb 2014*

Worked with different project teams at a WordPress VIP partner agency. Tasks involved custom theme & plugin development for WordPress and Drupal sites.

### eMagine Communications

*Website Maintenance, Mar 2010 - Mar 2012*

Responsible for servicing client requests for website updates, improvements, and providing support for WordPress, Joomla, and .NET projects.

## EDUCATION

### Rhode Island College

*Graphic Communications, Jan 2008 – Jan 2010*

Pursued a BA in Graphic Communications. Course work included graphic design, prepress layouts & graphics, web development, and media literacy.
